Educating for 'life in all its fullness.'

PSHE Curriculum – Essential Knowledge

Intent

At Ackworth Howard J&I School, we believe that our PSHE curriculum is at the centre of developing the mind body and spirit. Through quality, interweaved concepts we create global citizens, ready and prepared for any future path they choose. We believe our PSHE curriculum should develop: the mind (aspirational expectations of themselves and others, well-prepared learners and purposeful relationships in the community), the body (emotionally intelligent, tolerant and respectful citizens) and spirit (empowered with ability to lead by example, ambassadors of change, with a prophetic voice and radical hospitality)

Mind

Through engaging and cross-curricular lessons, pupils will develop high expectations of themselves and others in all aspects of school life, including how they apply their knowledge to become excellent learners. They will continue to build and foster purposeful relationships in the classroom, school and community through understanding their role in themselves, their school, the community and the wider world.

Body

Through exploring a range of complex and broad values and issues, the pupils will develop emotional intelligence, gaining a wider view of themselves, others and the wider world. Across discrete PSHE lessons and other subjects they will encounter a diverse and varied selection of people and cultures, embedding complete tolerance for all and enabling them to become aspirational and respectful citizens.

Spirit

They will encounter opportunities to develop their leadership skills and strive to obtain the attributes needed for greatness, including radical hospitality, enabling them to become the leaders of the future. Through an enlightened understanding they will become the ambassadors of change to achieve the visionary goals they set for themselves and others.

Rationale for PSHE...

PSHE is the heartbeat of our curriculum and the salient vehicle for fulfilling our vision of 'educating for life in all its fullness'. It provides the platform for pupils to develop the knowledge, skills and attributes they need to manage their lives, now and in the future. It helps children and young people to stay healthy and safe, while preparing them to make the most of life and work. We believe that in making PSHE and personal development a priority, we equip the children with the tools for life-long learning.

During key stages 1 and 2, our PSHE education offers both explicit and implicit learning opportunities and experiences which reflect pupils' increasing independence and physical and social awareness, as they move through the primary phase. It builds on the skills that pupils started to acquire during the Early Years Foundation stage (EYFS) to develop effective relationships, assume greater personal responsibility and manage personal safety, including online. PSHE education helps pupils to manage the physical and emotional changes at puberty, introduces them to a wider world and enables them to make an active contribution to their communities. We put in place the key building blocks of healthy, respectful relationships, focusing on family and friendships, in all contexts, including online. This sits alongside the essential understanding of how to be healthy.

Teaching about mental wellbeing is central to our PSHE curriculum, especially as a priority for parents is their children's happiness. We know that children and young people are increasingly experiencing challenges, and that young people are at particular risk of feeling lonely. The HeartSmart and Global Citizen threads take this in to account, giving children the knowledge and capability to take care of themselves and receive support if problems arise.

All of this content supports the wider work of our school in helping to foster pupil wellbeing and develop resilience and character that we know are fundamental to pupils being happy, successful and productive members of society. Central to this is pupils' ability to believe that they can achieve goals, both academic and personal; to stick to tasks that will help them achieve those goals, even when the reward may be distant or uncertain; and to recover from knocks and challenging periods in their lives. This is complemented by development of our core Christian values including friendship, trust, compassion, and forgiveness.

Key Components of PSHE...

- All pupils have opportunities to develop and understand the concept of **identity** (their personal qualities, attitudes, skills, attributes and achievements and what influences these; understanding and maintaining boundaries around their personal privacy, including online).
- Access to a progressive curriculum that puts in place the key building blocks of healthy, respectful **relationships**, focusing on family and friendships, in all contexts, including online.
- Understand how to live a **healthy** (including physically, emotionally and socially), **balanced lifestyle** (including within relationships, work-life, exercise and rest, spending and saving and lifestyle choices)
- Explore and understand different **risks** (identification, assessment and how to manage risk, rather than simply the avoidance of risk for self and others) and **safety** (including behaviour and strategies to employ in different settings, including online in an increasingly connected world)
- Explore and understand **diversity** and **equality** (in all its forms, with due regard to the protected characteristics set out in the Equality Act 2010)
- Understand and explain **rights** (including the notion of universal human rights), **responsibilities** (including fairness and justice) and **consent** (in different contexts)
- Explore and understand **change** (as something to be managed) and **resilience** (the skills, strategies and 'inner resources' we can draw on when faced with challenging change or circumstance)
- Understand the concept of **power** (how it is used and encountered in a variety of contexts including online; how it manifests through behaviours including bullying, persuasion, coercion and how it can be challenged or managed through negotiation and 'win-win' outcomes)
- Exploration of **careers** (including enterprise, employability and economic understanding)

How PSHE underpins our creation of Global Citizens...

DIVERSITY – Exploring the importance of others and how to love them well – TOO MUCH SELFIE ISN'T HEALTHY!

Empathy. Exploring the importance of others and how to love them well. Too Much Selfie isn't Healthy is about working well with others, about being a good listener and understanding that life is more about we than me. Love without action isn't love, it's a thought. Love requires an out; love does. By contributing to the lives of others we find fulfilment for ourselves and learn that Too Much Selfie isn't Healthy!

VALUES AND PERCEPTIONS – Understanding how to process negative emotion and choose forgiveness to restore relationships – DON'T RUB IT IN, RUB IT OUT!

Forgiveness. Learn how to process negative emotions, disappointment and hurt. Don't Rub it in, Rub it Out! means choosing to forgive, leaving the pointing finger in our pocket and accepting that we too need grace just as much as we give it away. Everyone makes mistakes. Don't demand perfection, instead celebrate progress, that's what love does.

SOCIAL JUSTICE - Unpicking how to bravely communicate truth and be proud of who we are – FAKE IS A MISTAKE!

Identity. Learn how to be authentically you and how to communicate truth well. Fake is a Mistake is about having the courage to tell the truth when we need to but it's also about knowing that we're enough as we are, that the whispers of shame are lies to be ignored. We don't have to pretend to be something or someone that we're not because we're enough as we are. Right now.

HEALTH AND WELLBEING - Understanding the power of looking after our mind, body and spirit to stay physically and emotionally healthy - HEARTSMART

Wholeheartedness. Learn what it is to be HeartSmart and how we can Power ON to love ourselves and others well. The life of our heart affects the whole of our life. What we put into our hearts will affect what we put our hearts into. Our lives will be greater or worse, more courageous or more fearful as a result of what's in our heart. Therefore, learning how and when to lead and guard our hearts is essential for resilient living.

RESILIENCE - Knowing there is a way through every situation no matter how impossible it may seem NO WAY THROUGH ISN'T TRUE

Grit. Learn how to develop and maintain a growth mindset. The British explorer Shackleton famously adjusted his South Pole mission towards survival but President Lincoln remained constant with his goal towards the presidency. One adapted and one remained but both persevered, both saw a hope hidden to most and both knew that 'No Way Through' isn't True!"

ASPIRATIONS - Learning how important, valued and loved we are – DON'T FORGET TO LET LOVE IN!

Self-worth. Learn how to love and value yourself well. You're important, you matter, you're one in a million and above all you're loved. These are messages that we all need to hear, believe and remember – because sometimes we forget. The healthier our internal dialogue, the greater our sense of worth which is the cornerstone of character and resilience. How kind are the thoughts we listen to? How patient are we with ourselves? How often do we find ourselves listening to the Scrapman?

Year 1

Collective Worship 1 - Too Much Selfie isn't Healthy – The Good Samaritan

There are 7.6 billion people in the world. We want children to know that they are loved but HeartSmart is about loving others too, as Jesus says in Mark 12:31, "Love your neighbour as yourself". Using the story of the Good Samaritan from Luke 10, we want children to explore the happiness that comes by thinking about themselves less and considering others more. We want to create a culture defined by empathy and challenge children to live #Unselfie.

Collective Worship 2 - Too Much Selfie isn't Healthy - #Unselfie Challenge Results

Announce the #Unselfie Challenge results and make space for children's #Unselfie stories. We want children to learn about the importance of getting along with others and to explore three ways of growing in empathy - listening well by being interested, looking up from our screens and looking out, being aware of the needs around us. We will finish by reflecting on Jesus' death on the cross - the ultimate #Unselfie act.

Collective Worship 3 - Don't Rub it in Rub it Out – Give yourself the gift of forgiveness

We want children to know that when they get hurt they often want to get even. The drive to make things fair is strong. They want to rub it in, get their own back, let that person know that they're not ok. But this ends up hurting themselves. The only way through hurt is to rub it out. Forgiveness is the best gift that they can give themselves and it's an important theme in the Bible. Ephesians 4:32 reminds us 'Be kind to one another, tender-hearted, forgiving one another, as God in Christ forgave you.'

Collective Worship 4 - Don't Rub it in Rub it Out – My heart hurts

Last time we talked about rubbing it out, forgiveness. In this collective worship we talk about the importance of letting the hurt out, not burying it, but letting it out. How do we handle negative emotions without damaging others in the process. Where do you go? Who do you talk to? What do you do when you're feeling blue? If our leg hurts we might sit down, if we have a headache we might lie down or take a tablet. What do we do when our heart hurts? 1 Peter 5:7 says, we can take our cares to God and tell Him how we are feeling because He loves us.

Collective Worship 5 - Fake is a Mistake – Truth will last forever

We want the children to consider why they tell lies and the consequences when they do. Telling the truth requires courage, nevertheless we want children to choose to resolve to tell the truth always for 'Truth will last forever' Proverbs 12:19. We want them to understand that this not only shows love towards others but also towards themselves and to God. Telling the truth is the cornerstone of true friendship.

Collective Worship 6 - Fake is a Mistake – The best me is the true me

One of the ways that we can be fake is by pretending that we're something that we're not. We do this because we want to be liked. We want the children to know that being 'Fake is a Mistake!' because the real them is better than anyone or anything that they might pretend to be. We are all so special and precious to God that in 1 John 3:1 He calls us His children, 'See what love the Father has given us, that we should be called children of God; and that is what we are.' We want them to enjoy who they are and to be true to themselves and others.

Year 1

Collective Worship 7 - Get HeartSmart – Love others and ourselves

We want the children to know that we all have a body, a mind and a heart. The heart is the epicentre of who we are, the driving force of why we do what we do. We want the children to understand that there are times to listen to our heart and times to lead our heart. Jesus says in Matthew 22: 36-40 that loving God and loving others and ourselves are the two greatest commandments. If we want to live well we need to love well. This is HeartSmart.

Collective Worship 8 - Get HeartSmart – Making ourselves strong and understanding love

The heart is effectively a pump. It pumps out what comes in. Biologically speaking, this is blood. Emotionally speaking, this is our friends, what we watch, how we think and what we surround ourselves with. Proverbs 4:23 tells us to “Guard your heart for everything you do flows from it.” The object of this assembly is to encourage children to consider what they allow in to their hearts and to equip them in the area of self-regulation. We want them to know that they have a choice of what they allow into their hearts and to understand what we mean and don’t mean when we use the word, ‘love’.

Collective Worship 9 - ‘No Way Through’ isn’t True - Believe there is a way

We want children to know that when they face challenging situations, they don’t need to give up. We want them to know that there is always a way through. In every situation, maths, reading, friendship there is always an opportunity for children to respond with hope. We want them to know that the first part of finding the solution and way through is by believing that there is one. We want the children to grow in perseverance and to put this into practice in the classroom for as 2 Chronicles 15:7 says, ‘Be strong. Don’t give up, because you will get a reward for your good work.’

Collective Worship 10 - ‘No Way Through’ isn’t True – Have hope in your heart

HeartSmart is about love. Our hearts are made healthy by love, love is what makes our heart smart. Hope is the fruit of a healthy heart, believing that there's always a way through. ‘No Way Through’ isn’t True shows that we love ourselves enough to never give up, to keep hoping and believe always. It also shows that we love others enough to look for the potential lying dormant within them. In this Worship we look at a Bible hero who knew ‘No Way Through’ wasn’t true - David.

Collective Worship 11 - Don’t Forget to Let Love in – The prodigal son – unconditional love

We want children to know that they are valued, that they are one in a million and that they are loved. We want them to consider who in their life makes them feel safe, valued and loved as well as understanding that God is a God of love who created them to be loved by Him. This collective worship explores the way in which children understand that they’re loved by looking at the 5 love languages and how God shows us all his love through the story of the prodigal son (Luke 15).

Collective Worship 12 - Don’t Forget to Let Love in – God’s voice of love

Letting Love In is all about listening to God’s voice that says “you’re one in a million, you have value, dignity and purpose”. John 3:16 tells us that God loved the world so much, he sent his only son to die for us. This assembly focusses on the true and false voices that we can hear in our heads. It helps children tune into God’s voice of love and recognise any other voice should be ignored. Instead of trash, they are treasure, instead of being pointless they have purpose and instead of only having one chance they always have a second chance to thrive.

Statutory Guidance from the EYFS Framework for PSED

Children's personal, social and emotional development (PSED) is crucial for children to lead healthy and happy lives, and is fundamental to their cognitive development. Underpinning their personal development are the important attachments that shape their social world. Strong, warm and supportive relationships with adults enable children to learn how to understand their own feelings and those of others. Children should be supported to manage emotions, develop a positive sense of self, set themselves simple goals, have confidence in their own abilities, to persist and wait for what they want and direct attention as necessary. Through adult modelling and guidance, they will learn how to look after their bodies, including healthy eating, and manage personal needs independently. Through supported interaction with other children, they learn how to make good friendships, co-operate and resolve conflicts peaceably. These attributes will provide a secure platform from which children can achieve at school and in later life.
