

Literacy

We will be looking at a number of books that relate to our theme both fictional and non-fictional. We will be using iced paints to reveal hidden letters to read and even writing some of our own. We are beginning a sound of a week activity to enable the children to consolidate their phonic knowledge.

Mathematics

This half term we will continue looking at 2d shape, recognising, using shapes to create and continue patterns, Children use everyday language to talk about size, weight and capacity to compare quantities and objects.

RE

This half term we will be looking at the theme of 'Jesus and Friends'. We will look at stories that Jesus told and cover the story of Noah's Ark. We will be thinking about why God chose Noah for the special mission and what he promised the world afterwards.

Personal, Social and Emotional Development

Now we are settled we will be looking closely at our feelings. We will be developing this through the SEAL topic 'Friendships'. We will be using circle times to talk about ways in which we can show that we are good friends. We will also be helping the children negotiate to solve problems and conflicts they have in their daily routines.

Nursery - Spring 1 2018

Miss Keable

This half term our theme will be:

'The Wonder of Winter'

Physical Development

This half term we will be beginning to practice our name writing everyday. We will also be developing our fine motor skills in lots of areas of provision particularly focussing on cutting skills and pencil grip and control.

Understanding the World

We will be talking about Winter throughout this half term. We will be going on winter walks looking at the signs of the change from winter to spring as the term continues. We will be looking at non-fiction books about Arctic animals making comparisons between other animals we know.

Art and Design

We will also be combining different media to make winter themed pictures. We will be supporting the children in reviewing and adapting their work. We will be making winter animals with resources in our classrooms to make an icy/wintery classroom display.

Communication and Language

Through our theme the children will have opportunities to explore their use of language in role play, Children will continue to participate in numerous speaking and listening activities including circle time and phonics, We plan to give children opportunities to discuss with their peers and share their views and opinions through our continuous provision.
